Seniors

05/07/08 Earlswood Reservoir - 'Engine Pool'

26/07/08 Woodlands View - 'Ghost Pool'

Message from British Waterways (Birmingham Office) regarding Earlswood (info received via e-mail on 30/06/08)

Its barbless hooks, no method feeder on the pole and two keep nets please. There are no restrictions on baits or other methods used.

The water levels are starting to drop now and for most you will be fishing off the lake bed and not the platforms. The water has a very shallow gradient. Can you please bring wellies or waders if just to peg your keep nets out.

You will be glad to hear its fishing very well. Pellet waggler or method feeder are the main stay with 8 or 10mm pellet or boilie on the hook. Please make sure you are geared up as the fish now average 9-11lb.

Juniors

12/07/08 Brownlee's Pool

03/08/08 Sankey Canal (Sunday Match)

'PB' requested assistance from Seniors at both matches.

Refreshments for Junior matches will be B-B-Q at Brownlee's and Hotdogs at Sankey Canal. 'FD' advised that there were 12 Juniors confirmed as interested to fish Canal match. Reminder to all that Canal match is on a Sunday.
